

herzensbrecher

Strychnin Gallery and The New English, in cooperation with Gallery Geuer&Breckner, UF6 Projects and Italian curator Giovanni Cervi, proudly present *Herzensbrecher*, a charity group show in favor of "Ein Herz für Kinder".

For this exhibition over 50 internationally renowned artists have put their visions, styles and ideas onto hearts manufactured by the British porcelain innovators of **The New English**.

These one of a kind artworks will be displayed in a traveling exhibition, which will kick off at Strychnin Gallery Berlin on March 16th.

A partial amount of all sales will be given as a donation to **BILD hilft e.V. "Ein Herz für Kinder"**
